

PLATIPUS TODAY

Platipus Anchors Limited are the market leaders in the design and manufacture of earth anchoring products. Founded in 1983, Platipus is renowned for providing some of the most cost effective and innovative anchoring solutions throughout the Civil Engineering, Landscaping and Utility industries.

Over the last 23 years, we have established a global network of Agents, Distributors and Approved Installers all experienced in the specification and installation of our earth anchor systems.

In the event that we do not have a local representative, we are happy to work directly with you to provide a tailored solution to suit your specific application.
